Children At Risk Being Holistically Restored

Simply making a difference...

HISTORY OF CarNetNepal

Children at Risk Network Nepal (CarNetNepal) was unofficially formed on February 14, 2002 as a result of the 'Children at Risk' (C@R) conference that was held at Staff College, Jawalakhel, Lalitpur in the year 2000. The conference was organized in collaboration of Viva, Compassion International and Nepal Christian Society, where about 300 representatives from different districts of Nepal were attended.

Initially the vision of CarNetNepal was to be the voice of the voiceless children and networking among the child focused organizations. After the vision for C@R was rooted deeper, it was realized that CarNetNepal should play a significant role to address the need of those children at risk by strengthening and mobilizing the communities to help and support the Children at Risk.

Later in May 2005, it was registered with the Government of Nepal as a non-profit and non-government social organization at District Administration Office (DAO) Lalitpur under the Act 2034 and was granted registration number 187/61/62. CarNetNepal is also affiliated with the Social Welfare Council. The affiliation number is 18114.

CarNetNepal is the associate member of Viva Network and a member of NGO Federation of Nepal.
